EDUCATION DEPARTMENT

"[For Special Act School Districts additional costs associated with academic programs ... 1,300,000 (re. \$1,286,000)]"

"For grants in aid to school districts, libraries, not for profits and educational institutions, notwithstanding any provision of law this appropriation shall be allocated only pursuant to a plan setting forth an itemized list of grantees with the amount to be received by each, or the methodology for allocating such appropriation. Such plan shall be subject to the approval of the temporary president of the senate and the director of the budget and thereafter shall be included in a resolution calling for the expenditure of such monies, which resolution must be approved by a majority vote of all members elected to the senate upon a roll call vote 1,300,000 (re. \$1,286,000)"

The language, to which I object and do not approve, represents an unconstitutional alteration of a reappropriation contained in the Executive Budget submission since the item on lines 50 through 51, page 211, is being amended for deletion and then substituted with different language on lines 7 through 17, page 216, and is therefore disapproved (People v Tremaine (281 NY 1 [1939])). The Governor's disapproval of language on the basis of its unconstitutionality is not subject to override by the Legislature. See Silver v. Pataki, 4 N.Y.3d 75 (2004) (dismissing challenge by Speaker of the State Assembly to the Governor's disapproval of 55 unconstitutional items added by the Legislature to the 1998-99 budget); 1982 N.Y. Op. Att'y General 21 (recognizing that the Governor's disapproval of unconstitutional budget language "is not subject to override by the Legislature"). Even a vote by two-thirds of the members of both Houses of the State Legislature cannot transform unconstitutional budgetary language into a law that may be validly executed by responsible state officials. See City Council of N.Y. v. Bloomberg, 2006 N.Y. LEXIS 149 (2006) (upholding Mayor Bloomberg's refusal to execute invalid legislation enacted into law over his veto by the New York City Council). The deletion of the language on lines 50 through 51, page 211, is therefore ineffective, and those lines are the operative language for the appropriation stated therein.
