President and CEO

Subject: NYPA Transparency Plan – 2024 Update

## DELIVERABLES ACHIEVED SINCE 2021

- Put all public filings on an easy-to-find tab on the homepage
  - On the footer of all pages, including the homepage, we added a link to [Public Filings & Documents](#)
- Added a procurement disclosure to the website to provide more transparency on NYPA procurement and specifically our Minority/Women-owned Business Enterprises (MWBE) priorities
  - Disclosure added at the bottom of the [Procurement page](#)
- Added and regularly update our progress against VISION2030 using our monthly scorecard and biannual dashboard
  - Scorecards are updated regularly and found at the bottom of the [VISION2030 page](#) at the link labeled “Scorecard.” The last update can be found [here](#).
- Published our first Integrated Sustainability and Financial Report
  - Published [here](#).

## INITIATIVES TO BE IMPLEMENTED IN 2024

- Work to improve usability and accessibility of NYPA.gov: improve NYPA’s digital footprint, particularly on its official website, NYPA.gov. This includes the development and optimization of web content that is not only informative but also user-friendly, ensuring accessibility and ease of navigation for all users.
- Expand and regularly update information on our website regarding NYPA’s Expanded Authority granted in the 2023-2024 Enacted State Budget: In support of NYPA’s expanded authority to, among other things, build, own and operate new renewable energy projects, NYPA will expand and regularly update our website regarding [NYPA Renewables](#).
