## Professional Sports Competitions with Fans Guidelines

For purposes of this document, professional sports are defined as any sporting event at which participants are paid or which are professionally organized. This guidance does not apply to youth or collegiate sports, horse racing, auto racing, or events that occur in arenas but are not professional sports competitions (e.g., concerts). In accordance with this guidance, professional sports arenas, stadiums, and venues with an indoor or outdoor capacity of 10,000 attendees or greater may host professional sports competitions with a limited number of fans or spectators. Effective April 1, 2021, professional sports arenas, stadiums, and venues with an indoor capacity of 1,500 to 9,999 attendees or outdoor capacity of 2,500 to 9,999 attendees may host professional sports competitions with a limited number of fans or spectators. Venues must submit plans to the New York State Department of Health (DOH) and/or the county health department or local public health authority, as required – see [“Interim COVID-19 Guidance for Professional Sports Competitions with Fans”](#) for full details.

During the COVID-19 public health emergency, owners/management of professional sports teams and professional sporting venues should stay up to date with any changes to state and federal requirements related professional sports and incorporate those changes into their operations. This guidance is not intended to replace any existing applicable local, state, and federal laws, regulations, and standards

	Mandatory	Recommended Best Practices
Physical Distancing (Patrons)	<ul style="list-style-type: none"> <li>✓ Ensure that the total number of patrons at professional sports competitions occurring in indoor or outdoor venues is limited to no more than 10% of the maximum seated capacity for a fixed seating venue or 10% of the maximum occupancy for a flexible seating venue, exclusive of team staff, athletes, and venue personnel.               <ul style="list-style-type: none"> <li>• As of April 1, 2021, ensure the total number of patrons in outdoor venues is limited to no more than 20% of the maximum capacity or occupancy; or, if an outdoor venue doesn't have a set capacity/occupancy, limit to no more than 1 patron per 100 square ft. or a party of 4 patrons per 250 square ft., exclusive of team staff, athletes, and venue personnel.</li> </ul> </li> <li>✓ Only permit patrons entry to the venue if they wear an acceptable face covering at all times except when seated at their assigned seat/area to eat or drink.</li> <li>✓ Patrons must maintain a distance of at least 6 ft. is at all times, except individuals who are members of the same immediate party/household/family.</li> <li>✓ Develop an audience seating arrangement that ensures at least 6 ft. of distance between patrons who are not in the same immediate party/household/family.               <ul style="list-style-type: none"> <li>• Require reservations and assign seats to patrons prior to entering the venue to ensure distancing.</li> <li>• Within a row, limit seating such that at least 2 seats are unoccupied between each group of patrons, unless venue seating naturally allows 6 ft. of distance between seats.</li> <li>• Limit seating in traditional seating arrangements to every other row unless venue seating naturally allows 6 ft. of distance between rows.</li> <li>• Encourage patrons to remain seated once the competition begins, unless patrons are traveling to use the restroom, purchase or pick-up items from the concession or retail area(s) or exit the venue. No loitering in common areas.</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>✓ Where practical, recommend that individuals from different parties/households/families maintain 9-12 ft. of distance.</li> <li>✓ Where possible, minimize the number of groups in each row to avoid close contact when individuals leave their seat to use the restroom or visit a concession area.</li> <li>✓ Maintain adequate lighting in the venue for as long as possible before the competition so that patrons can be seated according to social distancing requirements.</li> <li>✓ Consider closing any patron/fan experience gathering areas that present risk of congregation and commingling of patrons immediately before, during, and after games.</li> <li>✓ For events that require bag security checks, implement a restriction on bags, or require patrons to bring items in clear bags.</li> <li>✓ Consider closing any common seating areas at the venue that encourage congregation (e.g., shared seating, benches, couches).</li> <li>✓ Discourage any unnecessary physical contact among patrons who are not members of the same immediate party/household/family.</li> <li>✓ Establish a system of enforcement of the requirements within this guidance, including but not limited to face coverings and social distancing. Such system of compliance may specify penalties for patrons in case of violations (e.g., one face covering warning allowed before ejection from venue).</li> </ul>

## Professional Sports Competitions with Fans Guidelines

For purposes of this document, professional sports are defined as any sporting event at which participants are paid or which are professionally organized. This guidance does not apply to youth or collegiate sports, horse racing, auto racing, or events that occur in arenas but are not professional sports competitions (e.g., concerts). In accordance with this guidance, professional sports arenas, stadiums, and venues with an indoor or outdoor capacity of 10,000 attendees or greater may host professional sports competitions with a limited number of fans or spectators. Effective April 1, 2021, professional sports arenas, stadiums, and venues with an indoor capacity of 1,500 to 9,999 attendees or outdoor capacity of 2,500 to 9,999 attendees may host professional sports competitions with a limited number of fans or spectators. Venues must submit plans to the New York State Department of Health DOH and/or the county health department or local public health authority, as required – see [“Interim COVID-19 Guidance for Professional Sports Competitions with Fans”](#) for full details.

During the COVID-19 public health emergency, owners/management of professional sports teams and professional sporting venues should stay up to date with any changes to state and federal requirements related professional sports and incorporate those changes into their operations. This guidance is not intended to replace any existing applicable local, state, and federal laws, regulations, and standards

	Mandatory	Recommended Best Practices
Physical Distancing (Patrons, Cont’d)	<ul style="list-style-type: none"> <li>✓ Ensure the audience seating arrangement takes into account the following:               <ul style="list-style-type: none"> <li>• Patrons must be separated from the area of play where team staff and athletes are located by 12 ft. or an appropriate physical barrier.</li> <li>• Seats should be made available in small groups or “blocks” that allow members of the same party/household/family to sit together and remain distanced from other groups of patrons.</li> <li>• Where applicable, suites or boxes must have patron capacity limitations (i.e., lesser of 10 people or 25% of max. occupancy of such space).</li> </ul> </li> <li>✓ Maintain sufficient venue personnel to direct or guide patrons to their seats to ensure adherence to social distancing requirements and avoid congregation.</li> <li>✓ Put in place measures to reduce bi-directional foot traffic using barriers, tape, or signs with arrows in narrow aisles (e.g., between rows of seats), hallways, or spaces, and post signage and distance markers denoting spaces of 6 ft. in all commonly used areas and any areas in which lines are commonly formed/people may congregate (e.g., lobbies, restrooms).</li> <li>✓ Eliminate any pre- or post-game “on-field,” area of play passes.</li> <li>✓ Prohibit “tailgating” and other unauthorized gatherings on/around premises before/after the event. Parking areas at venues shall not open more than 2 hours in advance of any event to discourage congregate activity.</li> </ul>	
Physical Distancing (Team Staff, Athletes, and Venue Personnel)	<ul style="list-style-type: none"> <li>✓ Ensure that all team staff, athletes, and venue personnel maintain 6 ft. of distance from others, notwithstanding proximity or contact that may occur during competition/other core activities. Provided that certain functions/core activities require coming within 6 ft. of others, these functions shall be identified and a protocol for mitigation of risk shall be implemented.</li> </ul>	<ul style="list-style-type: none"> <li>✓ Consider establishing a tier system to control movement and access within the venue for all essential personnel (e.g., tier 1, 2, 3 individuals and associated rights of access within venue).</li> </ul>

## Professional Sports Competitions with Fans Guidelines

For purposes of this document, professional sports are defined as any sporting event at which participants are paid or which are professionally organized. This guidance does not apply to youth or collegiate sports, horse racing, auto racing, or events that occur in arenas but are not professional sports competitions (e.g., concerts). In accordance with this guidance, professional sports arenas, stadiums, and venues with an indoor or outdoor capacity of 10,000 attendees or greater may host professional sports competitions with a limited number of fans or spectators. Effective April 1, 2021, professional sports arenas, stadiums, and venues with an indoor capacity of 1,500 to 9,999 attendees or outdoor capacity of 2,500 to 9,999 attendees may host professional sports competitions with a limited number of fans or spectators. Venues must submit plans to the New York State Department of Health DOH and/or the county health department or local public health authority, as required – see [“Interim COVID-19 Guidance for Professional Sports Competitions with Fans”](#) for full details.

During the COVID-19 public health emergency, owners/management of professional sports teams and professional sporting venues should stay up to date with any changes to state and federal requirements related professional sports and incorporate those changes into their operations. This guidance is not intended to replace any existing applicable local, state, and federal laws, regulations, and standards

	Mandatory	Recommended Best Practices
Screening and Testing (Cont'd)	<ul style="list-style-type: none"> <li>• Venue personnel/team staff must be tested for COVID-19 through a diagnostic test prior to their 1st event/competition and must be tested weekly thereafter for as long as they are actively working at the events/competitions at the venue and interacting in close contact with patrons /athletes. Alternatively, venue personnel and team staff may provide proof of having completed the COVID-19 vaccination series at least 14 days prior to the date of event(s)/ competition(s).</li> <li>• Deny entry to any individual who fails to present a negative diagnostic test result or proof of immunization. Any team staff, athlete, or venue personnel who receives a positive diagnostic test result for COVID-19 must be excluded from the event/competition until they have consulted with the appropriate health authorities and received clearance to return to work. Further, any patron who receives a positive diagnostic test result for COVID-19 must be denied entry to the event/competition, as well as any members of the patron’s party who may have been in close contact with the patron within the past 10 days.</li> </ul> <ul style="list-style-type: none"> <li>✓ Implement mandatory health screening for all team staff, athletes, venue personnel, and patrons, prior to any in-person professional sports activities, including practices and competitions.</li> <li>✓ Require temperature checks for all patrons and deny entry to any patron who presents with a temperature of 100.4° F or greater, as well as any members of the patron’s party who may have been in close contact with the patron within the past 10 days.</li> <li>✓ At minimum, screening must use a questionnaire that determines whether the individual has: <ul style="list-style-type: none"> <li>• COVID-19 Symptoms</li> <li>• COVID-19 Contacts</li> <li>• COVID-19 Positive Test</li> <li>• Recent Travel</li> </ul> See <a href="#">“Interim COVID-19 Guidance for Professional Sports Competitions with Fans”</a> for details. </li> </ul>
