mines that a natural disaster, act of God, or continued adverse weather condition has destroyed much of the necessary ingredients for brewing beer, such commissioner, in consultation with the chairman of the authority, may give authorization to a duly licensed farm brewery to manufacture or sell beer produced from ingredients grown or produced outside this state. No such authorization shall be granted to a farm brewery licensee unless such licensee certifies to such commissioner the quantity of New York grown ingredients unavailable to such licensee due to such natural disaster, act of God or continuing adverse weather condition and satisfies such commissioner that reasonable efforts were made to obtain brewing ingredients from a New York state source for such beer making purpose. No farm brewery shall utilize an amount of out-of-state grown or produced ingredients exceeding the amount of New York grown ingredients that such brewery is unable to obtain due to the destruction of New York grown or produced ingredients by a natural disaster, act of God or continuing adverse weather condition as determined by the commissioner of agriculture and markets pursuant to this subdivision. For purposes of this subdivision, the department of agriculture and markets and the authority are authorized to adopt rules and regulations as they may deem necessary to carry out the provisions of this subdivision which shall include ensuring that in manufacturing beer farm breweries utilize ingredients grown or produced in New York state to the extent they are reasonably available, prior to utilizing ingredients from an out-of-state source for such purpose.

(c) The commissioner of agriculture and markets shall make available to farm breweries and to the public each specific ingredient loss determination issued pursuant to paragraph (b) of this subdivision on or before August twentieth of each year.
(d) In the event that the continuing effects of a natural disaster, act of God, or adverse weather condition which occurred prior to August twentieth of each year or the effects of a natural disaster, act of God, or adverse weather condition which occurs subsequent to August twentieth each year results in any ingredient loss which meets the standards provided in paragraph (b) of this subdivision, the commissioner of agriculture and markets, in consultation with the chairman of the authority, may issue additional ingredient loss determinations and shall expeditiously make available to farm breweries and to the public each specific ingredient loss determination issued pursuant to this paragraph prior to October tenth of each year.

12. (a) Except as provided in paragraph (b) of this subdivision, no licensed farm brewery shall manufacture or sell any cider other than New York state labelled cider.

(b) In the event that the commissioner of agriculture and markets, after investigating and compiling information pursuant to subdivision forty-two of section sixteen of the agriculture and markets law, determines that a natural disaster, act of God, or continued adverse weather condition has destroyed much of the apple crop necessary for producing cider, such commissioner, in consultation with the chairman of the authority, may give authorization to a duly licensed farm brewery to manufacture or sell cider produced from apples grown outside this state. No such authorization shall be granted to a farm brewery licensee unless such licensee certifies to such commissioner the quantity of New York grown apples unavailable to such licensee due to such natural disaster, act of God or continuing adverse weather condition and satisfies such commissioner that reasonable efforts were made to obtain apples from a New York state source for such cider making purpose. No farm brewery
shall utilize an amount of out-of-state grown apples exceeding the
amount of New York grown apples that such brewery is unable to obtain
due to the destruction of New York grown apples by a natural disaster,
act of God or continuing adverse weather condition as determined by the
commissioner of agriculture and markets pursuant to this subdivision.
For purposes of this subdivision, the department of agriculture and
markets and the authority are authorized to adopt rules and regulations
as they may deem necessary to carry out the provisions of this subdivi-
sion which shall include ensuring that in manufacturing cider farm brew-
eries utilize apples grown in New York state to the extent they are
reasonably available, prior to utilizing apples from an out-of-state
source for such purpose.
(c) The commissioner of agriculture and markets shall make available
to farm breweries and to the public each specific apple loss determi-
nation issued pursuant to paragraph (b) of this subdivision on or after
August twentieth of each year.
(d) In the event that the continuing effects of a natural disaster,
act of God, or adverse weather condition which occurred prior to August
twentieth of each year or the effects of a natural disaster, act of God,
or adverse weather condition which occurs subsequent to August twentieth
of each year results in any apple crop loss which meets the standards
provided in paragraph (b) of this subdivision, the commissioner of agri-
culture and markets, in consultation with the chairman of the authority,
may issue additional apple crop loss determinations and shall expedi-
tiously make available to farm breweries and to the public the loss
determination issued pursuant to this paragraph prior to October tenth
of each year.

Notwithstanding any other provision of this chapter, the authority may issue a farm brewery license to the holder of a farm winery or farm distiller's license for use at such licensee's existing licensed premises. The holder of a farm winery or farm distiller's license that simultaneously holds a farm brewery license on an adjacent premises may share and use the same tasting room facilities to conduct any tastings that such licensee is otherwise authorized to conduct.

15. The authority is hereby authorized to promulgate rules and regulations to effectuate the purposes of this section.
